# Transmission of Rays into Nations

“... there are three great fusing energies or vital centres present upon our planet:

1. **Russia**, fusing and blending eastern Europe and western and northern Asia.
2. **The United States** (and later South America), fusing and blending central and western Europe and the entire western hemisphere.
3. **The British Empire**, fusing and blending races and men throughout the entire world.

*In the hands of these nations lies the destiny of the planet.”*  
(DON104)

One of the main reasons why there “**lies the destiny of the planet**” – is because **Russia** and **USA** have **Aquarian souls**. Only one other nation - The Netherlands.

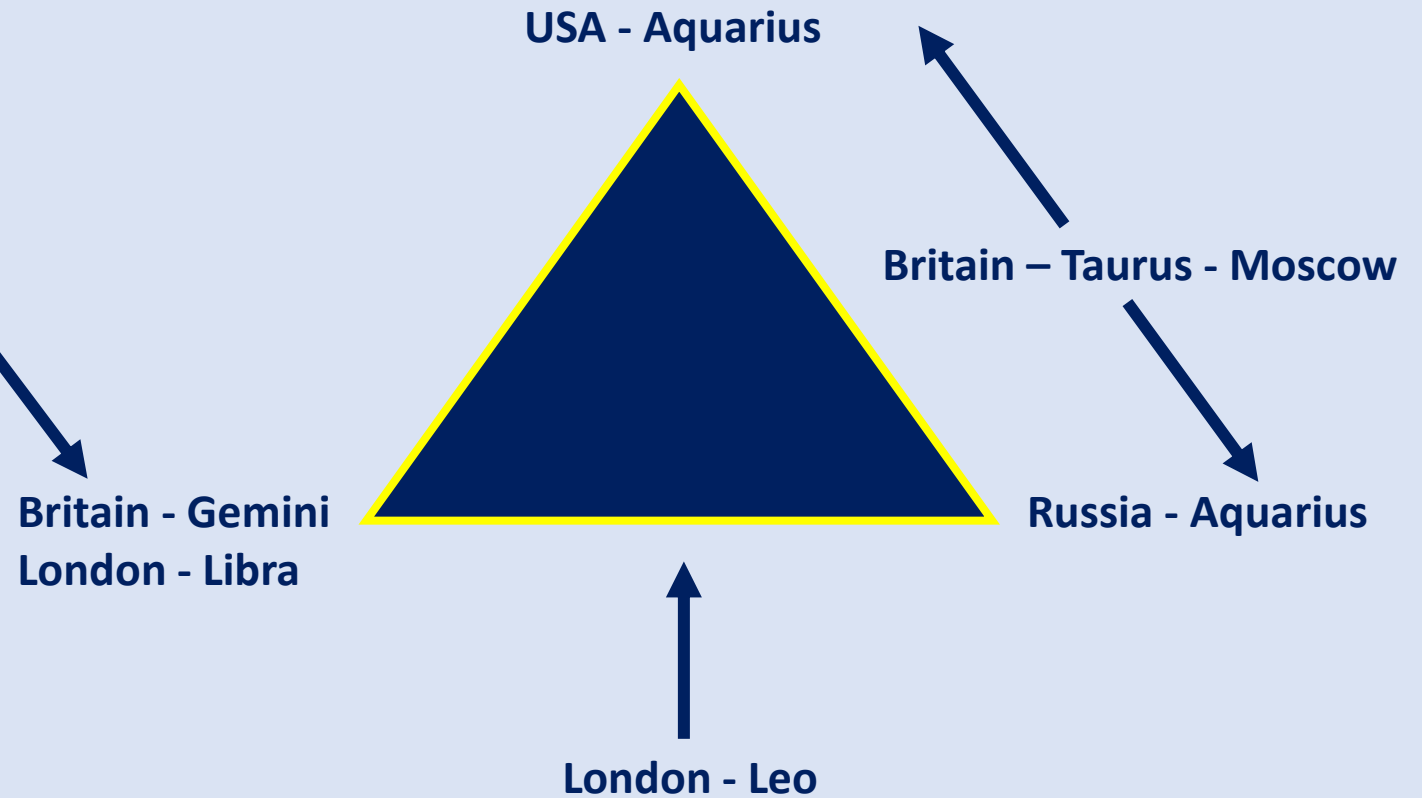

**Britain** - Leading nation 5<sup>th</sup> Roottrace.  
London - planetary throat chakra (mind).

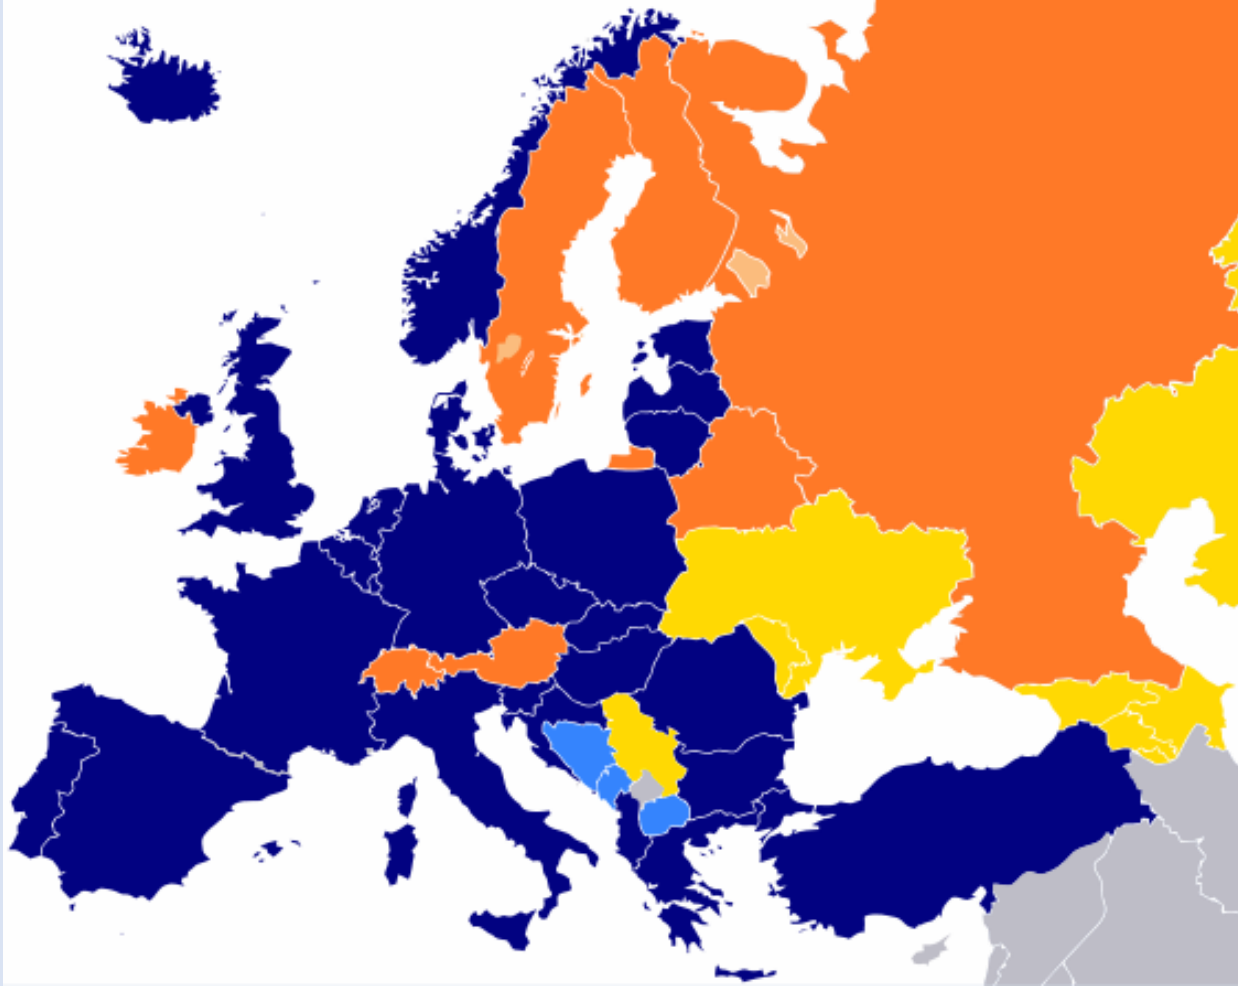

**Britain's Gemini soul** - harmonious trine  
to **Aquarian** souls - USA and Russia.  
(USA Gemini personality.)

**London** – Libra, creates air grand trine to  
**Aquarius** and **Gemini**. Theoretically  
allows harmony between 3 nations.

Britain's stubborn and deeply  
materialistic Taurus personality is in **T-**  
**square** to USA-Russia's Aquarius-Leo.

Problem preventing unity of nations'  
triangle - **revival of the cold war against**  
**Russia by NATO and the West** –  
propaganda/demonisation of its actions  
and leaders.

All nations in blue are NATO countries.

**Britain** - strongly influenced by **USA-NATO** - constant military exercises and threats.

**Russia** - virtually surrounded by NATO nations or strategically placed military forces.

The seeds of harmony between these nations can be sown – **only if their national souls can be awoken.**

Best approach to create harmony - directing energy rightly, in group co-operation – **invoking the souls of nations** - ignoring the personalities of their leaders.

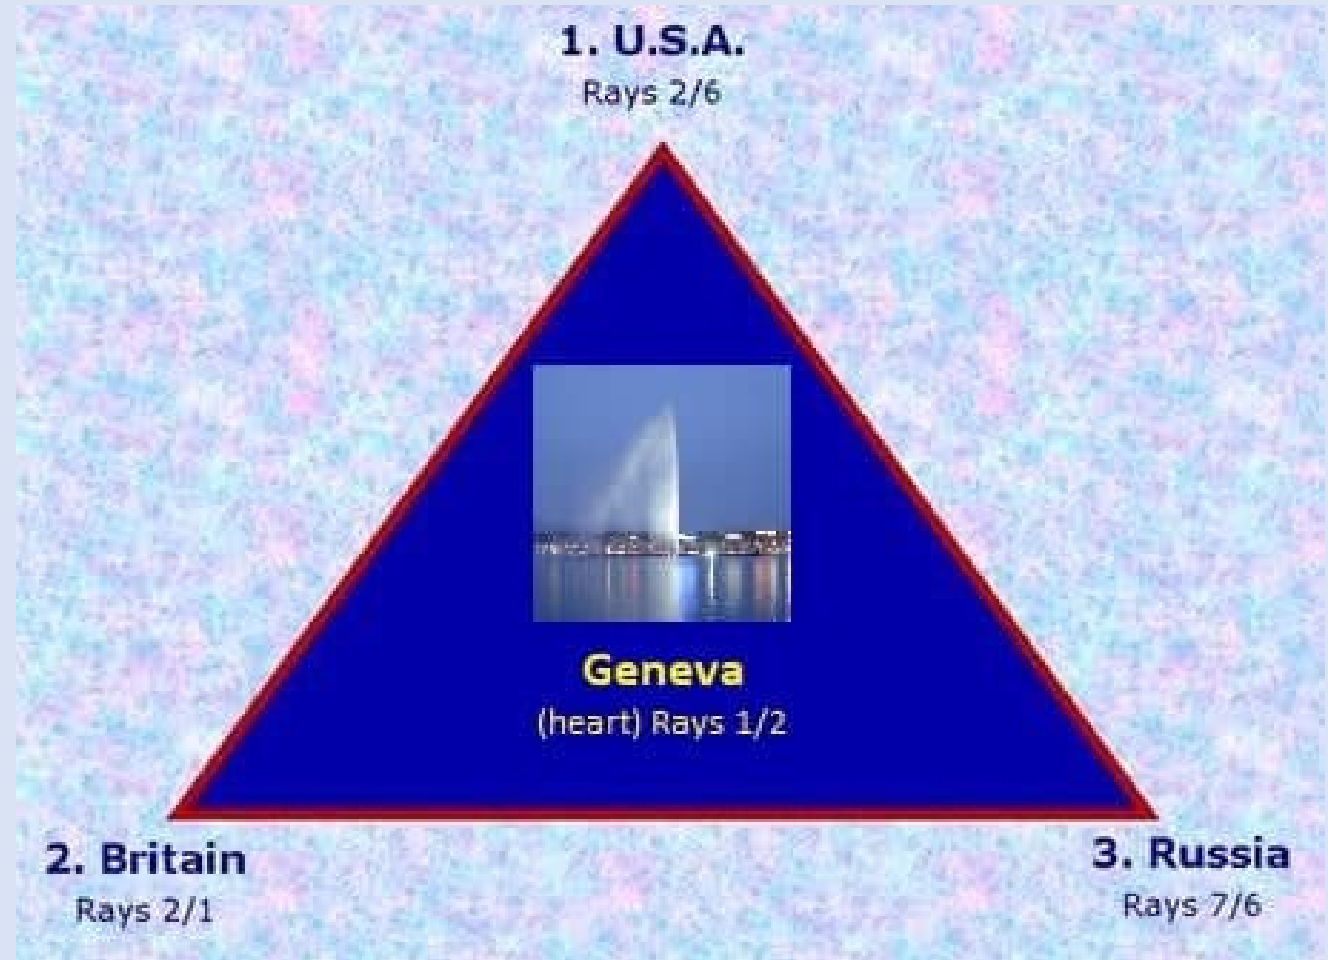

## Visualisation in Meditation

Triangle of nations - **Geneva** as the “**eye in the triangle**” - planetary heart centre.

**1<sup>st</sup> ray soul** (politics). **2<sup>nd</sup> ray personality** (Love-Wisdom).

**2<sup>nd</sup> ray Love Wisdom** Soul ray of Britain and the USA.

(More on Geneva in next presentation.)

**In meditation** we pour the light of our group soul through three cities of these nations:

**NYC, London and Moscow** - nourishing them with the energy of **Love-Wisdom** - the soul ray of the Western Hemisphere.

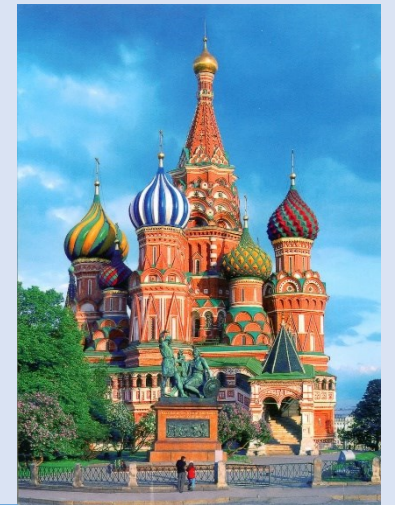

... And as we do so, we note the increased vibrancy of the forces circulating around the nations triangle.

We ponder upon the mottos for these nations:

**USA** I light the Way.

**Britain** I serve.

**Russia** I link two Ways.

Many of **world's insoluble problems** can only be solved at the subjective level.

**Meditating groups** of the New Group of World Servers (NGWS) - can transform crystallised thoughtforms within the planetary mental body – some are very ancient, thousands of years old.

**Thoughtforms** - clairvoyantly seen as patches of dark clouds around the planet, such as a the very large one that is hovering over,

“... the entire area of the **Near East and Europe—Greece, Yugoslavia, Turkey, Palestine, the Arab States, Egypt and Russia**—are under a heavy overshadowing cloud.” (Glamour meditation)

As 2025 approaches - the centennial conclave of Hierarchy and **Shamballa**, there is much to do to offset the onslaught of the Materialistic Forces upon Humanity.

These methods of meditation by dedicated and organised groups are one of the key solutions to fighting this battle.

The Tibetan's amazing statement that WWII could have been avoided if groups of meditators had done the requisite work - to diffuse the build-up of fascism in the 1930's.

Today there are many groups engaged in this work.

**Nations with Leo zodiac signs in common: Blue = soul, red = personality. Aquarian polarity of Leo. Leo: Leadership – will to illumine.**

- How do we as esoteric students **transcend our differences of opinion** on the current world situation?
- How well informed are we?
- How much **cultural and media conditioning** affects our point of view?
- How much has **decades of propaganda** built our world view?
- How true is this fact: One group (a minority) feels that the Western narrative is totally wrong, whilst a majority (?) appears to think that the USA/NATO narrative is correct?
- Which group holds the truth, or is it somewhere in between?
- Who is capable of being able to maintain a true dialogue or dialectic?

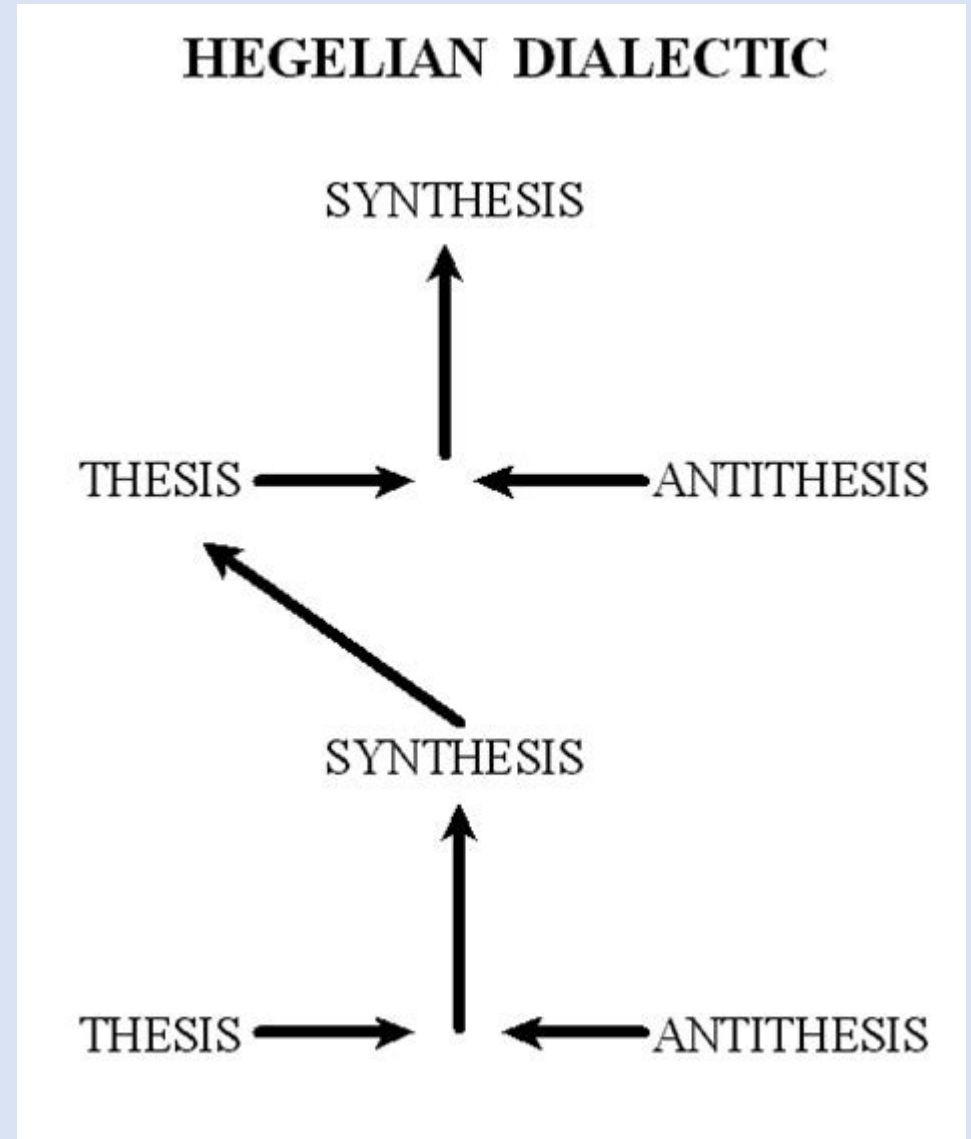

**Dialectic**/*Dialektik* (Greek: *dialektikḗ*)

“Related to dialogue. The **dialectical method** –

a discourse between two or more people holding different points of view about a subject but wishing to establish the truth through reasoned argumentation.

**Dialectic resembles debate**, but the concept excludes subjective elements such as **emotional appeal** and **rhetoric.**”

**Rhetoric - the art of persuasion** - with grammar and logic (or dialectic), is one of the three ancient arts of discourse.

If we aspire to bring about **healing of nations** at the **soul level** - of working from the **ashram** - but are still locked into the impasse of opposing views – is there a dichotomy, a disconnect - a contradiction, a lack of alignment?

How to reconcile, to rise above - despite entrenched differences of both parties?

**Aspiration** to work at the soul level is one thing, but endless bickering at the personality level, means that the two parties are caught in a **cul-de-sac** where nothing is resolved.

Both parties feel that they are right, because of their information gathering, their cultural conditioning and their general perspective on the world.

**What does it mean anyway – to work at the soul level?**

**How do we work with the souls of nations?**

**How do we connect with the energy of the zodiac sign and ray associated with a nation's soul?**

**How do we summon the national angel or archangel of a nation?**

**How do we work more consciously with the Daeva kingdom?**
